Charitable Community Benefit Society

## Co-Worker Day Placements for Adults with Learning Disabilities

Goldhanger, Essex, CM9 8AH

Our staff bring extensive experience of biodynamic farming, horticulture, conservation and crafts to the 210 acres of Lauriston Farm. We have all co-worked with adults with a learning disability and have enhanced DBS checks and trained in First Aid, Safeguarding of vulnerable adults and children and Health and Safety.

We offer free Taster Days to allow you to see if you like what we do and feel comfortable in the farm environment as well as a local pick up service within two miles of the farm.

**Lauriston Farm Limited is a charitable community owned business.**

Lauriston Farm Limited is a charitable Community Benefit Society, registered with the Financial Conduct Authority (FCA), number 7481, incorporated February 2017

# Co-Worker Day Placements

At Lauriston we know the value of meaningful work and through our day placements we offer adults with a learning disability the opportunity to co-work alongside our staff in a safe, supportive and tranquil environment.

Over time, co-workers can learn new skills which contribute directly to the life of the farm and you will become part of the whole farm team comprising staff, volunteers and co-workers.

**Each 'Farm Day' runs from 10am to 4pm, costs £70 and has a mixture of activities around a core focus:**

**Monday** - processing the farm's produce & cooking everyday lunches

**Tuesday** - caring for the soil, growing vegetables, flowers & fruits

**Wednesday** - washing, felting, carding, spinning & weaving the farm's wool

**Thursday** - looking after cattle, sheep, chickens & soon pigs

**Friday** - labeling, packing, selling & delivering farm produce
